Member of AnimalShelter.org

The AnimalShelter.org web site was created in an effort to place homeless animals throughout the United States. These animals are often located in one of thousands of animal shelters and rescue's throughout the Country which offer a temporary placement while a loving family is found. At the AnimalShelter.org we provide a database of animals which will allow you to search for your next pet based on animal type, breed, size, gender and location. You can also search through our growing directory which now includes, animal shelters, lost, found or adoptable pets, pet meds, dog parks, and hundreds of frequently asked questions. If you would like to make a gift or support our cause please purchase a ribbon from our animal shelter support page. Remember adopting a pet is saving a life. 🐾
